

IT GETS EASIER EVERYDAY

- Assumption is w, μ, b remain constant for future step generation.

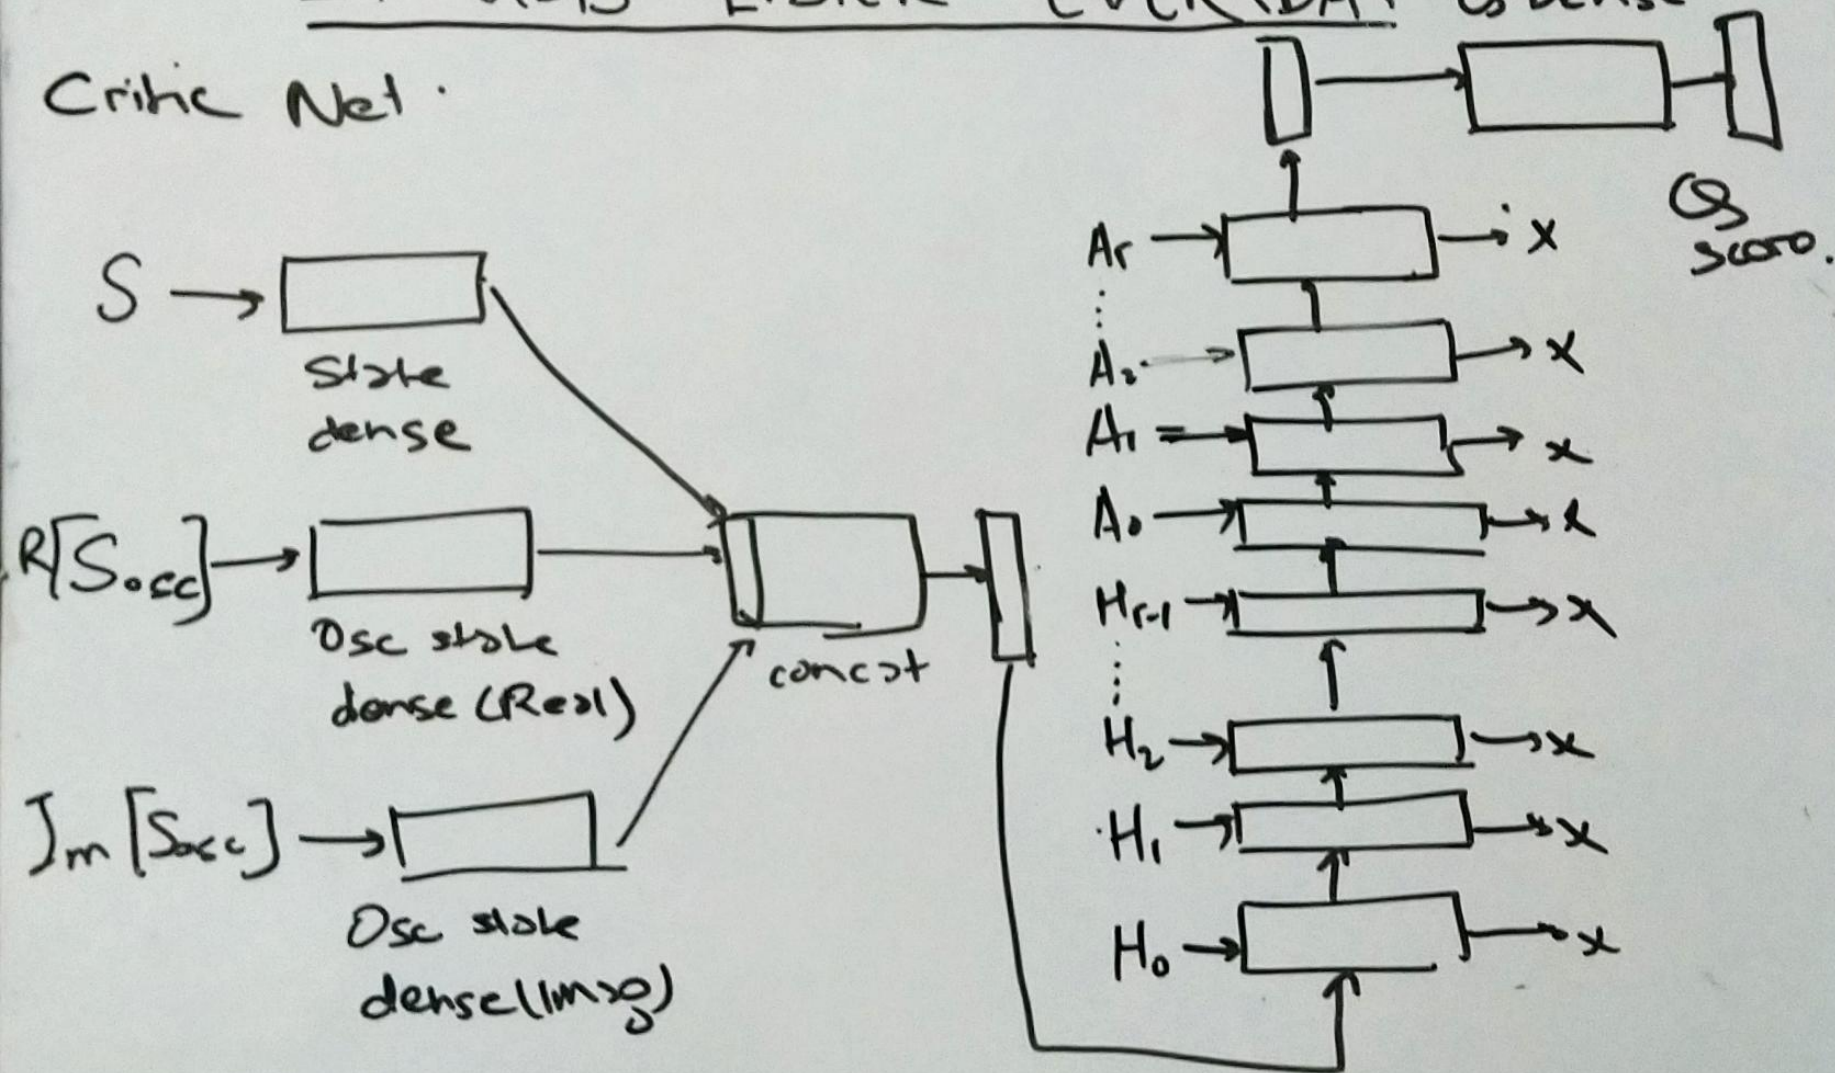

→ The lower hierarchy does not know of the future states.

→ More natural implementation.

IT GETS EASIER EVERYDAY & Dense

Critic Net.

IT GETS EASIER EVERYDAY & Dense

Critic Net.

- Captures all information from history and action to predict Q scores.
- Somewhat mimics how the reward is computed
- Need to find supporting literature for RNN actor critic.
